

**Quest Series - 2500**  
**Task Chair**

Quest is defined as a search of pursuit made in order to obtain something. For ECD's Quest series, the pursuit was to create the most comfortable and ergonomic office chair in the industry. ECD developed this family of chairs to give each user unparalleled support and comfort. Each chair puts more support down the center of the back, in the thoracic area to keep the proper curvature of the spine while sitting properly upright.

**XT Control**

Full Function With Independent Seat & Back Angle Adjustment, Integrated Seat Slider. Standard Cylinder is #2, 350 Pound Weight Capacity.
